

You know you want it.

**Introducing Spectrum Controls' *new*
Analog I/O HART Modules
for ControlLogix**

Thirsting for a real solution for HART communications? Our new Analog I/O Modules with HART Protocol will satisfy your appetite.

- Easy device calibration and ranging.
- Direct access to both analog *and* HART data over ControlNet.
- Utilize data for feedback and maximize control of your process.
- Employ HART data to enhance asset management.

Real-time HART data acquisition is finally hassle-free!

For mouth-watering I/O, call Spectrum Controls at 425-746-2914, email spectrum@spectrumcontrols.com or visit our Web site at www.spectrumcontrols.com/hart4u.html.

Quenching your thirst for I/O
