## Analog I/O + HART

Spectrum Controls' new Analog I/O Modules with HART Protocol will have you walking on air.

- Seamless compatibility with Rockwell Automation's ControlLogix™ and Honeywell's Experion PKS™.
- Access analog *and* HART data simultaneously.
- Use HART data for control and maintenance.
- Build the foundation of an asset management system.

For a leg up on I/O, call Spectrum Controls at 425-746-2914 or visit [www.spectrumcontrols.com/hart4.html](http://www.spectrumcontrols.com/hart4.html).

Making I/O Dreams Come True
