

We heard you.

Analog I/O + HART

It's a miracle. Simple I/O solutions that simply work. Spectrum Controls' new Analog I/O modules with HART Protocol are the answer to your prayers.

- Seamless compatibility with Rockwell Automation's **ControlLogix™** and Honeywell's **Experion PKS™**.
- Access analog and HART data simultaneously.
- Use HART data for control and maintenance.
- Build the foundation of an asset management system.

For a revelation in I/O, call Spectrum Controls at 425-746-2914 or visit our Web site at www.spectrumcontrols.com/hart3.html.
