

I/O Power!

Spectrum Controls unleashes the Super Heroes of I/O for Allen-Bradley PLCs.

Now, the power of I/O can be yours.

For temperature sensing, our hot new **Universal Analog I/O** is to the rescue. In a blink of an eye, mix thermocouple, RTD, resistance current, and voltage inputs.

Whether it's **CompactLogix**, **ControlLogix** or **SLC-500**—our Universal modules save the day.

Our **Analog+HART I/O** solution for **ControlLogix** is the super power of control and asset management. Monitor device performance, life cycle and statistical data to improve efficiencies, minimize downtime and more!

For an I/O SOS, simply call 425-746-2914.
