

Unleash the Power of I/O!

Spectrum Controls Purr-fectly Powerful I/O

Our **new Universal Analog I/O** module mixes thermocouple, RTD, resistance, current and voltage inputs. High density, low cost. Whether it's **Compact I/O**, **ControlLogix** or **SLC 500**—our Universal modules have the power to pack a punch.

Why not try our **new** eight channel **Counter/Flowmeter** for **ControlLogix**? It's so accurate, you'll swear it has x-ray vision.

The **Analog+HART I/O** solution for **ControlLogix** is a powerful beast. Easily build the foundation of a control and asset management system. Monitor device performance, life cycle and statistical data to improve efficiencies, minimize downtime and leverage predictive maintenance. With 22 million HART devices worldwide, isn't it about time you were able to communicate with them?

For I/O you can sink your teeth into, call 425-746-9481 or email spectrum@spectrumcontrols.com.
