Ambient Temperature Range: Ta 0-60°C

Required from User:
- Internet connection (for WAN connectivity)
- SIM card from cellular provider and cell antenna (for cellular connectivity)
- Device rating: 24VDC 0.38A (24 VDC power supply)
- All cables and wiring

Common
+24 VDC
Ground

Connect an Ethernet cable from the WAN port to your Internet service.

Insert a SIM card from your cellular provider.

Screw your antenna into place or connect a cable to a remote antenna.

Connect a SIM card from your cellular provider.

Do not connect to the WAN port.
NOTE: If you don’t have a Connects account, create a WebPort Connects account at www.webportconnects.com.

Registering WebPort Connects

5

Open the Configuration dashboard at the top of the screen.

Then, click on the WebPort Connects button. Both the PC and WebPort need Internet access for this step.

6

Once you have clicked the WebPort Connects button, click on "Register WebPort.” Register your account and Webport.

Enter ID, WebPort name, and other information in the WebPort dialog.

After entering your information, click Submit.

7

www.webportconnects.com opens in your browser.
Enter your WebPort Connects credentials.

You are now a registered member of the WebPort family. To find out how to connect to the cloud, set up an alarm, configure a tag, and much more, please visit the context-sensitive help located on your WebPort. For more help, check out our YouTube Channel at: www.youtube.com/WebportAcademy

8

Next, choose your account from the dropdown menu.

After making your selection, click Submit.

9

You can access context-sensitive help at anytime by clicking the online help button on your WebPort.

Special condition for safe use

1. Provision shall be made to prevent the rated voltage being exceeded by transient disturbances of more than 140% of the peak rated voltage.

2. The system shall be mounted in an ATEX certified enclosure with a minimum ingress protection rating of at least IP54, in accordance with EN 60079-15 and used in an environment of not more than pollution degree 2. The enclosure shall be accessible only with the use of a tool.

NOTE: ATEX and CE only applies to WP-ET-SW-0
